

IMAGINE  
PLAY  
CREATE

2TEC2 allows you to play with various shapes of tiles to create inspiring floors in woven vinyl. Diamonds, hexagons and planks are among some of our suggestions, but actually any shape and size is possible.

Choose any colour from the 2TEC2 tile collection. Let your imagination flow

# TRIANGLE

Installation: ↑ + ↑ = Same tone  
↑ + ↓ = Different tone

DIAMOND

\* Achieved with one colour installed in 3 different directions. The 3 tones are the result of the directional shade variations which is a characteristic of 2TEC2.

# PLANK

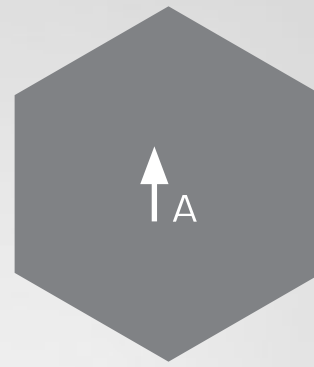

\*Herringbone pattern is achieved with A & B planks

Flint Planks - Workspace\*

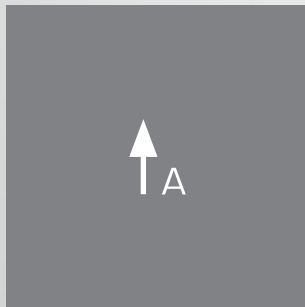

# HEXAGON

\* Achieved with one colour installed in 3 different directions. The 3 tones are the result of the directional shade variations which is a characteristic of 2TEC2.

# MINI SQUARE

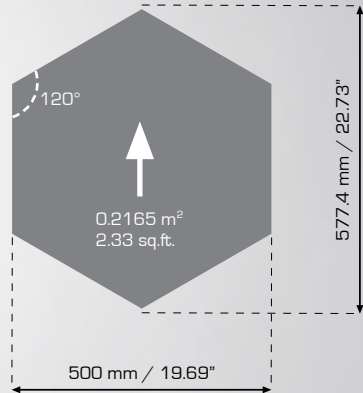

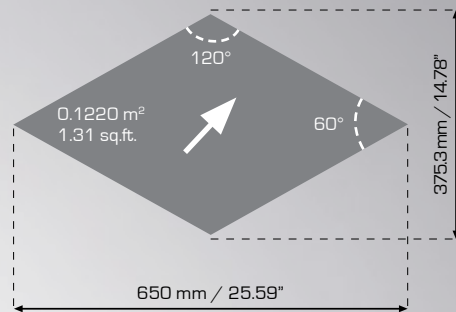

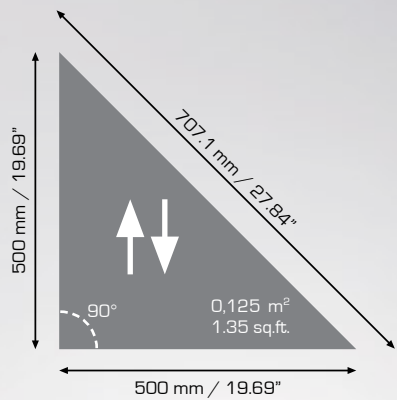

**CREATE YOUR OWN DESIGNED FLOORING**

2tec2 is more than a collection of 5 standard shapes. With 2tec2 you can create your own design and with 2tec2 Play your own custom shapes.
